

Special Events

Education is a key part of our mission - both for our members and the community. Our monthly meetings focus on education and we also have a national speaker and teacher visit each year.

Special Speaker Event 2011

Nancy Nix-Rice

February 12th (Saturday)

9:00 - 5:00

Mark the date on your calendar and invite your friends! Tickets for Nancy's 6-hour lecture and lunch are only \$15 for members and \$20 for non-members. The Chapter is keeping ticket prices down by using \$500 of the money that we raised at the Silent Auction at the Parade of Creative Talent to reduce costs. The auditorium at Texas A&M Extension Center will easily hold 150 people and more!

During her 6-hour lecture, Nancy will address many topics, such as how to develop a color scheme to maximize the

mix/match potential of your wardrobe. She will teach us about our unique personal characteristics, such as color temperature, value, intensity contrast, body scale, facial structure and personal texture. She will explain how to let design details and color placement focus attention on figure assets, away from challenge areas. She will share her secrets to lift bustlines, flatten tummies, trim hips and minimize upper arms. And, she will show us how to select the right prints. It will be wonderful day with lots of great information! If you wear clothes, this is the right event for you! Judy Johnson will begin selling tickets at the November Tuesday meeting.
